

*“Taking on a responsibility that seemed bigger than we felt we could do caused us to depend upon the Lord for help. It definitely is not being carefree in retirement, but a chance to help others and give them a chance to find Christ and let Him help them to change. After three months of spending time together, laughing, listening to their stories and sharing hurts and crying with them, loving them and showing you want them to succeed in their desire to beat their addictions is what it’s all about. The whole experience wasn’t always easy but was a chance to give to others our thanks for all God’s blessings to us.”*

Earl & Joan Wolgemuth, Crossroads BIC

*“Serving as Home Living Coordinators has been a very good experience for us. Learning to know people of a different culture and to see some changes in their lives which we believe will have impacts on not only them but also on their homes and community. There is also the joy of serving the Lord Jesus in this simple way of serving others.”*

Paul & Heidi Smucker, Green Grove BIC

*“Being immersed in the Dine’ life and culture for 3 months is a life enriching experience of continuing education in a cross-culture environment and provides an excellent opportunity to minister God’s love and healing to 6—8 men.”*

Bob & Esther Mast, Mt. Joy Mennonite

*“The opportunity to serve in the BIC Overcomers Program as Home Living Coordinators was for us a challenging and rewarding experience. For 3 months we shared life with men ready to live lives of sobriety. We shared in their joys, fears, struggles and aspirations as we talked, laughed and prayed. Our lives were enriched by what they had to offer us and blessed in sharing God’s grace and love with them.”*
